

CCNSG Safety Passport

Course Description

This course is designed to provide contractor site personnel with an underpinning knowledge of health and safety to enable them to work on a site more safely with lower risk to themselves and others. This course is assessed through 4 multiple choice exams, with an 80% pass mark. Issue of CCNSG safety passport, valid for 3 years.

Who Should Attend?

This course is designed for anyone working within the Oil and Gas, Power Generation, Petrochemical, Engineering, Installation, Maintenance and Renewables sectors and is also useful for Managers, Supervisors and Operatives including contractor personnel.
